EMPLEYEE’S ACCIDENT/INCIDENT REPORT

This report should be completed in the event of any hazardous incident, accident, injury or illness which occurs on the job, whether or not medical attention is sought. If medical attention is sought, whether at the time of the accident, injury or illness or sometime later, the employee and supervisor must complete a workers’ compensation claim form (SIF2). The SIF2 will be sent by Sedgwick to the injured employee.

A Provider’s Initial Report (PIR) should be given to the employee to take with him/her to the medical provider at the first visit. This Investigation Report form should be kept on file until (if) medical attention is sought for the injury, at which time it is to be provided to the on-site Safety Committee for evaluation and completion. “Investigation Report” may be discarded after two years, if the employee doesn’t receive medical attention.
